emerald-cut Fancy Vivid Bluish Green is a rare treasure indeed.”

### **Collectors, Investors and Connoisseurs**

In a September 24, 2015 statement, Christie’s International Head of Jewelry Rahul Kadakia described the current market for Fancy Color Diamonds as “...a time when great gems are mirroring prices achieved for masterpieces in the world of fine art. Collectors are looking to jewels as savvy investments that are both beautiful and can appreciate considerably in value over a relatively short period of time.”
